

# Where does the Earth quake?

Q What do you notice about where Earthquakes happen?

---

---

Q Why do you think this is?

---

---

---

Q How far is Ireland from the nearest Earthquake zone?

---

---

Q Do you think there are more earthquakes in areas where the Earth's plates are moving towards each other, or where the plates are moving apart? Why do you think this is?

---

---

---

---

Q Arrange these places in order of how safe they are to live in (safest first): Japan, Spain, Ireland, Australia, Iceland
